FOR IMMEDIATE RELEASE

Full Freeway Closure of Westbound Pomona Freeway (SR-60) for Maintenance

WHITTIER – The California Department of Transportation (Caltrans) will close all lanes of westbound SR-60 at the SR-60/I-605 Interchange to perform routine bridge maintenance on Saturday morning, August 27 from midnight to 5 a.m. Westbound traffic will be detoured onto north- and southbound I-605.

As part of this \$1.02 million project, Caltrans' contractor, Western Structures of Riverside, Calif., will apply methacrylate to a bridge near the interchange. Methacrylate (an adhesive) fills cracks in bridge concrete, extends the life of a structure, and reduces future maintenance costs.

Signed detours will be in place. Motorists should expect delays. The California Highway Patrol will be on duty. Please **Be Work Zone Alert #BWZA**.
